U. S. Application of Robert A. VANDERHYE

For: PRODUCING ARTWORK USING COLOR PRINTERS

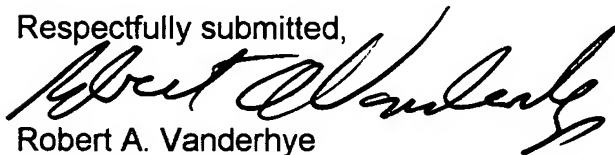

Filed: herewith (December 22, 2003)

INFORMATION DISCLOSURE STATEMENT

Enclosed herewith is a form PTO/SB/08B and a copy of each of the references cited therein. This is not to be constructed as a representation that a search has been made, or that no better prior art is available, or that a reference is relevant merely because cited. Attention is also directed to the references incorporated by reference into, and mentioned in, the instant application specification. Please initial, date, and return the enclosed form.

The Digital Printing Handbook pages indicate that when an ink jet printer runs out of black ink, print quality problems ensue. The Photoshop® and Photo Editor+™ description pages are merely representative of some of the things - including color changes or elimination - that can be done with conventional digital photograph editing software. More information is available on the Photoshop® website, and a copy of the Photo Editor+™ CD Rom is available upon request.

Respectfully submitted,

Robert A. Vanderhye
